Since 1991, the Midway Hollow Crime Watch has increased police presence in Midway Hollow through the sole support of members (a.k.a. our neighbors) seeking to grow police patrols above and beyond the normal patrols provided by our hard-earned tax dollars. We utilize the Dallas Police Department's Expanded Neighborhood Patrol (ENP) program, which allows the Midway Hollow Crime Watch to hire our five dedicated DPD officers for extra patrol hours exclusive to our neighborhood. Before Midway Hollow participated in the ENP program, we suffered through upward of **50 offenses per month**. Today, we average **7 or fewer offenses** per month! For a neighborhood with over 2,300 homes, an offense rate reduction like that speaks volumes to the impact that the Crime Watch has had on the general safety of such a diverse and challenging neighborhood. With single-family homes, apartments, businesses, schools, churches, and constant construction as our neighborhood continues to redevelop, Midway Hollow needs a dynamic policing element!

The number of ENP hours we purchase is entirely dependent on the number of crime watch members we have each session. In 2020, we were able to purchase just under **2,000 hours of exclusive patrols for Midway Hollow**. While that sounds substantial, it equates to only 38 hours per week of ENP patrols. With only around 390 member households, your support will help us lock in more patrol hours in 2021. **#HelpTheHollow**
